ART & GENERAL INFORMATION

Illustrations shown throughout this catalog are representations of CHROMAGEAR uniforms. Actual designs may vary slightly.

STOCK ART:

All graphic designs shown on garments throughout this catalog are available. If you have a specific layout or concept in mind other than what is shown, please be sure to describe it in detail on the order form. A vast library of art, such as mascots, sport logos, etc., are also available on the Uniform Builder at AllesonAthletic.com or upon request.

CUSTOM ART:

Enjoy the convenience of free custom art with Alleson Athletic!

For the rare occasion a design requires an extensive amount of an artist's time, we reserve the right to request another form of artwork as it may be deemed necessary. If another form of artwork is not available, a \$120.00 per hour charge may apply. Alleson Athletic reserves the right to define complicated art.

We reserve the right to adjust the size of layout/letters to fit the garment in the most attractive way possible. In certain situations, a similar lettering style to the one requested may have to be substituted to accommodate layout.

All orders must be emailed to an Alleson Athletic Customer Service Representative at:

Email: allesonorders@allesonathletic.com

- DO NOT USE FABRIC SOFTENER**
- DO NOT WASH WHITES AND COLORS TOGETHER**
- DO NOT OVERLOAD THE WASHING MACHINE**
- DO NOT MACHINE DRY ON HIGH HEAT**
- DO NOT LEAVE WET OR DAMP GARMENTS IN YOUR TRAVEL BAG, IN A PILE WITH OTHER CLOTHING OR IN WASHING MACHINE**

- Uniforms should always be laundered immediately after wearing. However, if this is not possible, rinse garments and hang individually on rust-proof hangers. (Moisture may cause color migration of acid dyes so we advise separating wet or damp uniforms.)
- Belts and any other contrasting color items should be washed separately from the garment.
- It is always advisable to test wash a single uniform according to directions before washing an entire load.
- We recommend presoaking heavily soiled garments in cold water with a protein release agent. Follow the instructions recommended by the presoak manufacturer. Wash garments immediately following the presoak in a normal wash cycle.
- Wash and rinse all garments in cold water with mild detergent. Remove promptly after wash cycle to avoid color migration. Wash inside out.
- For optimum results, hang garments (especially those with spandex) to dry. If you cannot hang dry, machine dry on the lowest setting. Turn jerseys inside out before machine drying. Remove items from dryer immediately upon completion of the cycle. (Excessive heat can cause fabric shrinkage and discoloration.)
- Make sure uniforms are completely dry before storing. Store in a dry area to prevent mildew. Protect them from sunlight and fluorescent light to prevent yellowing.

PLEASE NOTE: Alleson Athletic will not be responsible for uniforms that are damaged due to improper care and maintenance. Failure to follow our specified care instructions will void all guarantees.

CAUTION: Under no circumstances are CHROMAGEAR garments to be put through a screen print dryer. Dyes will migrate and the design will be ruined.

UNIFORM CARE INSTRUCTIONS

To enhance the appearance and extend the life of your uniforms, Alleson Athletic recommends that you follow these cleaning and storing procedures:

Do Not Dry Clean

Do Not Wash in Hot Water

Do Not Use Chlorine Bleach

Do Not Use Fabric Softener

Do Not Wash Whites and Colors Together

Do Not Overload the Washing Machine

Do Not Machine Dry on High

Do Not Leave Wet or Damp Garments in Your Travel Bag, in a Pile With Other Clothing or in Washing Machine

- Uniforms should always be laundered immediately after wearing. However, if this is not possible, rinse garments and hang individually on rust-proof hangers. (Moisture may cause color migration of acid dyes so we advise separating wet or damp uniforms.)
- Belts and any other contrasting color items should be washed separately from the garment.
- It is always advisable to test wash a single uniform according to directions before washing an entire load.
- We recommend presoaking heavily soiled garments in cold water with a protein release agent. Follow the instructions recommended by the presoak manufacturer. Wash garments immediately following the presoak in a normal wash cycle.
- Wash and rinse all garments in cold water with mild detergent. Remove promptly after wash cycle to avoid color migration.
- For optimum results, hang garments (especially those with spandex) to dry. If you cannot hang dry, machine dry on the lowest setting. Turn jerseys inside out before machine drying. Remove items from dryer immediately upon completion of the cycle. (Excessive heat can cause fabric shrinkage, discoloration, and cracking and peeling of vinyl plastisol lettering inks.)
- Make sure uniforms are completely dry before storing. Store in a dry area to prevent mildew. Protect them from sunlight and fluorescent light to prevent yellowing.

PLEASE NOTE: Alleson Athletic will not be responsible for uniforms that are damaged due to improper care and maintenance. Failure to follow our specified care instructions will void all guarantees.

GUARANTEE:

The materials and workmanship of our garments are guaranteed when given fair treatment and used under normal conditions. See care instructions on page 54 for details.

COLOR MATCHING:

Scientifically, it is not possible to achieve a perfect color match from one CHROMAGEAR garment to another, or from CHROMAGEAR garments to Alleson stock garments. Therefore, we cannot guarantee a perfect match from order to order or from one fabric to another. This includes fill-ins for As Had orders.

PRICE POLICY:

All catalog prices are list or suggested retail. Prices are subject to change without notice. Merchandise will be invoiced based on the prices in effect at the time the order is placed.
